

## SPECTRUM SPRAYABLE SEAM SEALER GUN

The Spectrum Sprayable Gun makes it easy to duplicate the OEM finish on seams and provides various beads and textures needed during vehicle body repair work!

**FOR SINGLE COMPONENT SEALANTS**  
Aluminum, Plastic or Carton cartridges  
as well as in bags!

**GREAT FOR:**  
**BODY SEAMS**  
**SPOILERS**  
**WHEEL WELLS**  
**WELDED SEAMS**  
**SIDE WALLS**  
**DOOR SKINS**  
**ENGINE COMPARTMENTS**  
**FLOOR & BOTTOM PANELS**  
**AND MORE!!**

### DIRECTIONS

1. Connect the compressed air at a pressure of about 6 bar for normal products, 9 bar for sealants for windows.
2. When finished: Close both the pressure regulators (red and blue dials), turning them in a clockwise direction.
3. For Ridges: Pull the trigger and gradually open the regulator (blue knob) so as to obtain ridges of the desired consistency.
4. Spray Patterns: Various spray patterns may be achieved by opening or closing the regulator (red dial).

**NOTE: DO NOT OPERATE GUN WITHOUT A CARTRIDGE PROPERLY LOADED, IT COULD DAMAGE THE GUN.**
