

#4585 BATTERY PROTECTOR & SEALER

Everybody knows that air and moisture combine to form corrosion on your battery terminals. Battery Protector & Sealers from IES seals and protects your terminals from that corrosion, which is a major cause of hard starting and battery failure. Battery Protector & Sealer is a visible red coating that contains high quality corrosion inhibitors for long lasting protection. Won't crack, flake or run. Protects metal against salt-water spray, rain, humidity and temperature variations. Prevents corrosion. Long lasting protection. Seals terminals, cables and ignition systems. Extends battery life. Helps stop acid leaks around terminals.

SUITABLE APPLICATIONS

Automotive and truck fleets
Golf carts
Forklift trucks
Marine vehicles
Aircraft vehicles
Metal parts and machinery

FEATURES

Long lasting coating
Seals against dirt, rust & corrosion
Resists attack from caustic acid fumes
Will not affect paint or primed surfaces
Can be removed with a safety solvent

BENEFITS

Visible protection
Will not harden
Remains flexible
Excellent corrosion resistance to any metal parts or machinery
Cleaning and reapplication is fast and easy

Stops Battery Corrosion

Extends Battery Life

Red Color Assures Presence Of Battery Corrosion Preventative

DIRECTIONS

1. Shake can before using, wear safety glasses.
2. Surface should be clean, dry and free of corrosion and dirt. Clean with IES 4586 Battery Cleaner.
3. Hold can 10 to 12 inches from surface to be coated and apply a uniform coat over the entire area to be protected. Use the extension tube for hard to reach areas. For optimum protection, a 4 to 5 mil dry film thickness is recommended. This will usually require two passes.
4. Clear over spray with IES1700 or 4700 Super Cleaning Solvent.
5. Clean valve after use by inverting can and spraying until free of material.

STORAGE

Product should be stored in a cool, dry location in unopened containers at a temperature between 50°F to 85°F (10°C to 30°C) unless otherwise labeled. Protect package from direct sunlight and heat. Do not handle or store near open flame or other sources.

PRODUCT AVAILABLE

4585 20 oz. aerosol can 12/box
Net Weight 14 oz.
