

BSR Tape

(Buzz - Squeak - Rattle)

High density felt-like material designed for use on interior trim panels, dash boards, consoles and other various areas where buzzing, squeaks, rattles and chirps occur. High-strength acrylic adhesive keeps tape in place.

APPLICATIONS

Any area where squeaks, chirps and rattles occur. Interior trim panels, dash boards, consoles, instrument panels, etc. Also referred to as anti-squeak tape or squeal reduction tape.

BENEFITS

Reduces friction
Eliminates squeaks, chirps and rattles
Noise reduction
Abrasion resistance

PROPERTIES

Color: Black
Thickness: 1mm
Application temperature: 60°F Minimum

DIRECTIONS

1. Make sure the application area is clean and free of any contaminants.
2. Remove release liner and firmly press tape into place.

STORAGE

Product should be stored in a cool, dry location in unopened containers at a temperature between 50°F to 85°F (10°C to 30°C) unless otherwise labeled. Protect package from direct sunlight and heat.
